The Chedi Andermatt coffee blends

The Chedi blends are roasted exclusively for The Chedi.

Our team created the recipe together with rast kaffee, which is family led and based in lucerne. the specialty coffees are of the highest quality from the world's best and most sustainable growing regions around the equator.

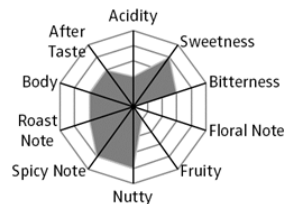

The Chedi Andermatt - exclusive crema blend

brazil: fazendas dutra, red catuai, natural pulp

mexico: finca hamburgo, maragotype, fully washed

scent: nutty, stone pine

aroma: tree nut, juniper, red berries

the two parcels of coffee from brazil and mexico are a rarity.

from sustainable production and gently roasted, the blend delights with its complex aromas and pronounced sweetness. wonderfully harmonious and with a soft, nutty, creamy body, this exclusive blend will delight coffee drinkers of fine taste.

The Chedi Andermatt – exclusive espresso blend

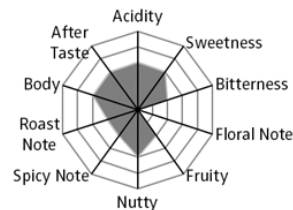

brazil: yellow bourbon

rwanda: somaho

guatemala: buena vista

scent: cedarwood, cocoa

aroma: bitter almond, chocolate

the top coffees from the world's best coffee regions of brazil, rwanda and guatemala are a stunner. slowly roasted, the wonderful roasted aromas fascinate every espresso lover. the blend fascinates with notes of bitter almonds and chocolate.

rainforest alliance

sustainability as a motor for economic success: this is the principle on which the rainforest alliance operates. The high ecological and social production also pays off financially for many coffee farmers.

bio

organic certified coffees are grown without chemical fertilisers and pesticides. this type of cultivation offers many advantages: A high natural pest resistance, the preservation of plant and species diversity as well as natural protection against erosion.

max havelaar

by buying fairtrade certified products you contribute to fair prices and good working conditions for producers in developing countries. part of the proceeds from the sale of fairtrade certified products is invested in social, economic or ecological development by farmers and workers in developing
